By Ty “Dancing Wolf” Ellis

Despite the many obstacles that have found themselves in our path, we are thankful that we are a community that continues to thrive. Through near extinction of our culture; through the ignorance of governing bodies that kept us from openly practicing our ways; through the assault on our community by entities as big as the state itself; through the deadliest pandemic our living generations have seen... We are a proud and persistent people who know who we are.

Even now, we have forces against us that would have our allies believe that we are fraudulent in our claims to our heritage. And yet, we continue to, and intend to continue to, thrive.

It is those who had that fighting spirit that paved those ways for us to continue to be who we are. Our elders, our ancestors, and even today, our youth. Part of that credit also goes to you; our supporters. Our surrounding community that have held interest and relationships with those of our community. It is because of you that we are able to maintain a foothold to the land of our ancestors, Lenapehoking.

And to that, we continue to be appreciative and thankful to have you all in our corner. We hope that we make you all proud to be your neighbors, and local tribal community. Through all, we will continue to thrive.
